

ABOUT THE BOOK

"The entire King James bible written irreverently and satirically."

Rewritten in their entirety, these blasphemous new and old testaments are an attempt at a reversal of morals--a dialectical approach to the truth in which the opposite is mirrored against the established with the goal of producing a new transcendent truth uniting the two contradictory views.

"... a means of challenging zealots to read their own holy books and possibly force them to consider the harder questions and contradictions contained therein, the author decided to rewrite the Bible. Years of indefatigable work later, The Blasphemous Bible was created. All the many stories, verses, and 'facts' contained in the Bible are here rewritten with no apology for the obvious wickedness, cruelties, atrocities, and overall unbelievable fallacies it may be said to chronicle."

ABOUT THE AUTHOR

CRAIG WELLS was brought up in a strict 7th Day Adventist family. His questions about God and religion were shot down as wrong, blasphemous and sinful. His teenage years had him doubting if God existed at all. He became agnostic in his early twenties while leaning heavily toward atheism. At 25, he decided to study the Bible for himself and as a means of challenging Christians to read the books and possibly force them to consider the harder questions and contradictions contained therein, he decided to rewrite the Bible. Mr. Wells now lives near Kingston where he provides cares to his ailing mother.
